Name of the book:

Author:

Genre:

Setting of the story:

Characters in the story:

Character you liked the most and why:

Main problem in the story:

Solution:

Conclusion:

Whom would you like to recommend this book and why:

Note: Do this work on a project paper and make it creative by making illustrations.

## **MATHS:**

Worksheets will be given separately.

### **Activities**

1. Draw or paste pictures of flags from any 5 countries. The flags should be divided into 3 or 4 equal parts. Write down the fraction of each color in the flag.
2. Prepare a crossword puzzle with integers.
3. Collect any three photographs, paste them and find the area for each one of them.
4. Make a Rangoli Design using geometrical shapes only.

### **Project**

Q.1) Collect information on two of the famous Indian mathematicians with pictures?

Q.2) Draw flowchart to represent the types of fractions on project paper.

Q.3) Write five examples of each proper, improper and mixed fraction.

Q.4) Measure the length, breath of your

i) Bed

ii) window

iii) door

iv) center table

v) Maths Book

in c.m and then convert it into meters.

Also find the area of each.

Q.5) Right properties if integers if addition , subtraction , multiplication and division on the A4 sheet.

Q.7) Collect information related to your project subtopic and present it as BAR GRAPH using a graph sheet.

**SCIENCE:**

1. Make one Eco brick and grow a plant in bottle.
2. BE AN ENVIRONMENT SAVVY

Waste could be liquid or solid. Both of them could be hazardous. Liquid and solid waste types can also be grouped into organic, re-usable and recyclable waste. Make a list of some household waste and mention few safe methods to dispose them so that they do not cause any harm to our surroundings. Do the activity in the given tabular form in your scrapbook (one has been given as an e.g.) How to begin?

S.No	Wastes generated at Home	Have I contributed to waste generation ? (Y/N)	Type of waste	How does it affect the Environment	Is it biodegradable ?	Method to dispose them (Recyclable/Reusable)
1.	Ball pen refills	Y	Solid	Land/Soil pollution	No	

3. Study the genetic features of the different types of animals classified on the basis of their food habits. Find out the special characteristics in their digestive system that help them to adapt to their food habits. Refer the given example to do the activity on A4 size sheet in the tabular format –

Type of animal	Name of the animal	Type of teeth	Digestive tracts
Herbivore			
Carnivore			
Omnivore			

**SST:**

1. Prepare a detailed report on the Lok Sabha Elections 2024.  
Include the following subtopics:-
  - i. Number of political parties participating.
  - ii. Phases of Voting
  - iii. Role of Election Commission
  - iv. Moral Code of Conduct
  - v. Seat allocation in states
  - vi. Results

**COMPUTER:**

Make an HTML Webpage using different tags.

**ART:**

You have to make two beautiful card (Thank you card and birthday card) without any matter.
