

JBS/4/Corres. 2017-18 Jingle Bell School , Faizabad

Circular

Dear Parent/Guardian,

It has been a great pleasure and enriching experience of learning and growing with the loving kids and their esteemed parents/guardians all these years.

The systems and processes in our school life facilitate us with scope of learning, unlearning and relearning for their further improvement in the long term of interest of our stakeholders, especially our loving children.

Of late we have realized - and you will agree, that our existing academic session (April to March) is so designed that we keep three long breaks – two of them (summer and winter) being meaningful but relatively of shorter duration and the third one (March – weather wise best one for school activities) being quite unproductive, therefore, certainly avoidable.

Keeping this in mind we have decided to switch back to July-June session instead of April - March session from current year i.e. 2017-18. This will not only help us have more time with conducive weather for school activities but also allow us to go for longer summer vacation (May-June), as we used to have earlier.

The revised calendar will be stuck in your wards diary.

Thanking you for your support and cooperation.

Best wishes and regards.

Beena Agarwal

Principal

September
