ENGLISH :

1) Write the facts about any person who has inspired you the most (it can be any relative, neighbour, parents etc) under the heads of:

- Birth
- About parents
- Early education
- Later education
- Career
- Achievements
- Speciality/ quality
- Present status

(Present it creatively on any coloured sheet and can use colours.)

2) Make a colourful comic strip depicting a story on 'friendship'.

(Do it on an A4 sheet and use colours.)

MATHS:

- During your summer break, you have to calculate the number of hours you spend in two activities using your mobile phones. You will score (+3) marks per hour if you have used it for some informative purpose and (-2) marks per hour if you are using it for PUBG or any other such alternative games. You have to collect data for 30 days, at the end of 30 days tell your total marks.

At the end of this activity, you have to write your learnings in 5 points.

- Give 2 examples for each of the following:-
 - (i) sum of two negative Integers is always smaller than both the integers.
 - (ii) sum of two integers is (-5).
 - (iii) difference between the two integers is(-3).
- During your summer break, on four consecutive Sundays note the temperature of your city at 9 a.m, 12noon, 3 pm, 6 pm and 9 pm. On the basis of your observations, write increase /decrease in the temperature.
- **Research work-** Why negative multiplied by negative is always positive. Support your answer with any activity.

(All work to be done in your Maths register)

SCIENCE:

Note:-Do Questions 1 and 2 in Science copy.

For sending videos link will be shared in your whatsapp group later.
